

# The Willpower of **THEIRS**

## Possession: In the Garden of **Temptations**

*In law, **possession** is the control a person intentionally exercises toward a thing. In all cases, to possess something, a person must have an intention to possess it. A person may be in possession of some property although possession does not always imply ownership. The Truth is what we try to possess in this world or what may possess us... may always be at odds or even cause us to lose our soul, as well as, our blood, sweat & tears in the name of a faith... not of our own making.*

*What is the "Cup" that is referred to in the Garden of Gethsemane, when Jesus said, "Take this cup away from Me" and what can we learn from His example? Perhaps, what we are willing to live within, be a part of or even would die for should be a matter of our choice and freewill. The IRS' "cup" makes us willing to submit to temptations & the willpower of others. This sanctified crucible of THE-IRS is a holistic cup that converts our taxpayers into taxprayers; while In the Garden of Temptations. If you drink from this cup you accept an IRS path of life and its beliefs.*

*Mark 14:35 & 36 "And He Jesus went forward a little, and fell on the ground and prayed that, if it were possible, the hour might pass from Him. And He said, Father, all things are possible unto (for) You; TAKE AWAY THIS CUP FROM ME; nevertheless, not what I will, but what You will." Our judgment is a day by day process... I call it "Judgment Day". The Truth is...as a race or as a Nation, life's temptations are everywhere; however a government's taxing system should not be within a Garden of Temptations. In Short... paying our fair share of taxes to support our governmental systems should not be about one's willpower over the IRS temptations of life. The Plaintiff chooses The Lord, Thy God's ways and His "cup" I shall drink from... Not of **THEIRS**.*
