## Revenue Recognition

# Tax Expenditures: Another Kind of Spending

*Tax Expenditures aren't part of the budget that Congress passes every year, but are similar to government spending programs. Think about it: \$1,000 given out in Pell grants and \$1,000 given out through education tax credits will both give \$1,000 to students.*

*If they were counted as a normal part of the budget, tax expenditures would be over a quarter of spending.*

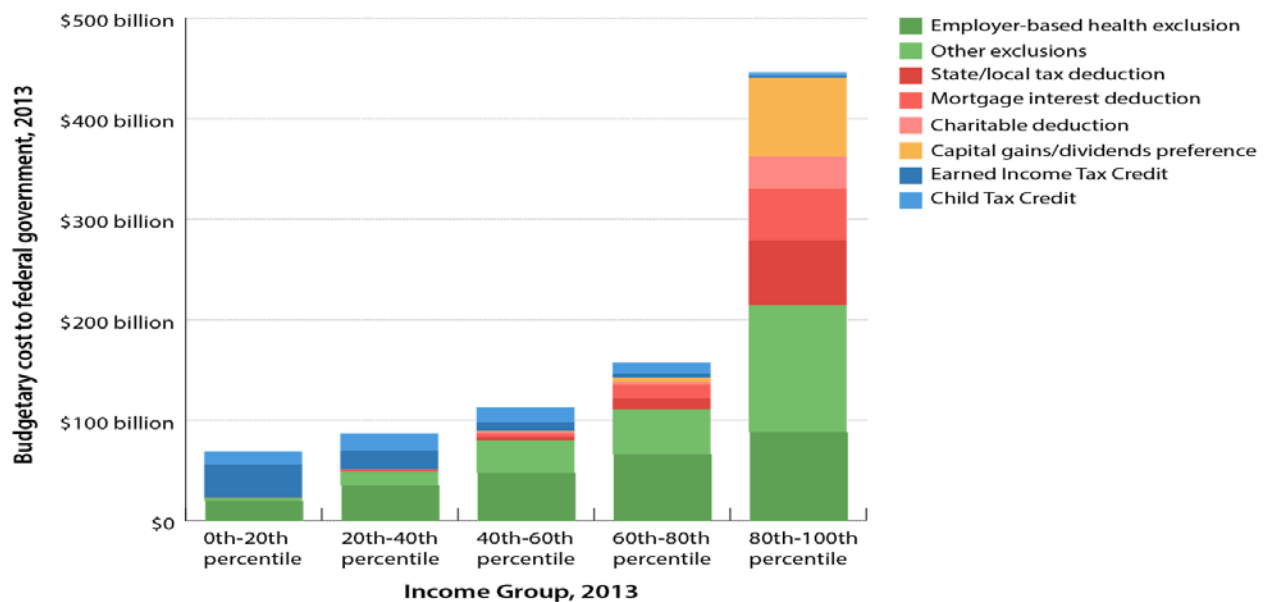

COMMITTEE FOR A  
RESPONSIBLE FEDERAL BUDGET
