[A New Covenant and Special Dispensation Theology of THEIRS]

This above drawing is the artist belief or viewpoint of the “Rapture” and those who were left behind. Plaintiff [believes] those who participated, plan and packaged the governmental bailouts, for the Wall Street Investments, The Big Banks, AIG, Fannie Mae/Freddie Mac, FHA, and others were literally or figuratively “being caught up” in their own clouded salvation and redemption plans... at the expense of millions of other people and other important interests. The Middle Class was **Left Behind**: “No matter What You Believe” TARP (The Troubled Asset Relief Program) is the religious beliefs and practices of Taxology and of one’s faith in Taxism.
