Re: Terry Lee Hinds v. "United States" government No. 17-1612

Dear Mr. Harris:

My concern is the appendix section of my petition listed on the U.S. Supreme Court website consisting of only 15 pages. This petition's appendix is 601 pages.

I understand why the clerks who entered the data refrained from scanning 601 pages. Therefore, I have attached a PDF appendix file that was sent to me by Supreme Court Press, the company who submitted, printed and published my petition.

Supreme Court Press informed me that they will send a certified copy of this PDF appendix file, if you should need such proof.

Hopefully this matter is rectified through the power of your position or office. I hope you understand my legal position, as the limited or selected 15 appendix pages presented by the clerk's office represent a form of government censorship, within a forum that is presented on the www.

Thank you for your assistance and consideration in this matter.

Sincerely,

Terry Lee Hinds, *pro se*
